QUESTIONS AND COMMENTS

The Office of the Utah State Auditor welcomes questions, comments and suggestions on this *Guide*. Please submit them to Patricia Nelson, Audit Supervisor, Local Government, at patricianelson@utah.gov.

IDENTIFYING COMPLIANCE REQUIREMENTS TO BE TESTED

NOTE: This *Guide* is not intended to identify compliance requirements that could be direct and material to the financial statements. This State Compliance Audit does not replace testing of compliance in a financial statement audit. Financial statement compliance requirements not in this guide may include, but not be limited to, compliance with the Utah Money Management Act, compliance with debt or bond requirements, or debt limitations. Therefore, the auditor should use appropriate audit procedures, such as inquiry with management, review of minutes, and other procedures as considered necessary to identify the compliance requirements that should be tested as part of the financial audit. (See AU-C 250, *Consideration of Laws and Regulations in an Audit of Financial Statements*.)

WHICH ENTITIES NEED A STATE COMPLIANCE AUDIT?

Utah Code Annotated (UCA) 51-2a-202 requires the local government entities and local education agencies listed below to receive a **financial audit** in accordance with *Government Auditing Standards*.

IN ADDITION, these entities are required to have a **state compliance audit** which should be 1) performed in accordance with *Government Auditing Standards* **as well as with** the *State Compliance Audit Guide (Guide)*, developed by the Office of the Utah State Auditor (OSA) as directed by UCA 51-2a-301, and 2) completed using the guidance in the AICPA's Clarified Statements on Auditing Standards, AU-C section 935, *Compliance Audits*.

- **Local Government Entities** with total annual revenues or expenses greater than or equal to \$750,000:
 - **Counties**
 - **Municipalities**
 - **Interlocal entities**
 - **Local and special service districts**
- **Local Education Agencies (LEAs)**, *regardless of total annual revenues or expenses*:
 - **School districts**
 - **Operating Charter Schools (including charter schools organized as nonprofits)**.
- Other local government entities that are not required to have a financial audit under state law, but choose to have a financial audit.

This *Guide* does not apply to:

- **State departments or agencies**
- Local government entities that are **allowed by statute and choose to receive an Agreed-Upon Procedures engagement instead of an audit**.
- **Nonoperating Charter Schools** (Charter schools that have not received MSP funds or federal funds and are not providing educational services during a fiscal year). Nonoperating Charter schools are required to have an Agreed-Upon Procedures engagement (See OSA's *Guide for AUP's for Local Governments* at <http://auditor.utah.gov/local-government-2/training-and-publications/>).
- **Non-governmental Nonprofit Organizations** which are subject instead to reporting requirements under UCA 51-2a-201.5 (see <http://auditor.utah.gov/local-government-2/reporting-requirements/non-profit-organization-reporting/> for applicable reporting requirements)

**A COMPLETE LIST OF
ALL CURRENT REPORTING REQUIREMENTS BY ENTITY TYPE
CAN BE FOUND ON THE OSA WEBSITE AT:
<http://auditor.utah.gov/local-government-2/publications/reporting-requirements/>**

Determine that a budget was approved before the start of the budget year and that the budget presented to the public and governing body contained the required financial information. (EXCEPTION – When the entity is proposing a property tax increase, the budget may be approved subsequent to the start of the budget year. See applicable law.)</p> <p>A budget should be prepared for all funds except permanent trusts and fiduciary funds, be in tabular form, and contain the following information:</p> <ul style="list-style-type: none"> • Actual revenues and expenditures from the last completed fiscal period. • Budget estimates for the current fiscal period. • Estimated total revenues and expenditures for the current fiscal period. <p>NOTE on charter schools: Although UCA 53A-1a-511(4)(e) exempts Charter Schools from UCA 53A-19-102 which requires LEA's to prepare a budget, Charter Schools <u>were still required</u> by their charter agreements with USBE to prepare and submit a budget to USBE similar to school districts. Effective May 10, 2016, Charter Schools are required to prepare a budget in accordance with UCA 53A-19-102 (per SB239 in the 2016 Legislative general session.)</p>

As of May 2016, towns should prepare reports <u>monthly</u>. <p>The auditor should consider the size of the entity when determining if the reports provided to the governing board are appropriate. For example, small entities with limited separation of duties may need to provide their board detailed transactions for review and approval, while larger entities may find reporting by account or department level to be adequate.</p> <p>The reports should be detailed enough for the governing board to make adequate decisions regarding financial matters and should include all funds unless the fund is inactive (which the auditor should verify). County financial reports should include additional specific information – see UCA 17-36-36.</p> <p>NOTE on Charter Schools: Although UCA 53A-1a-511(4)(e) exempts charter schools from UCA 53A-19-108 which requires LEA’s to prepare monthly reports, charter schools <u>were still required</u> by Education Rule R277-113-4(C)(5) to prepare and present monthly reports to their board. Effective May 10, 2016, charter schools are required by statute to prepare and present monthly reports in accordance with UCA 53A-19-108 (per SB239 in the 2016 Legislative general session.)</p>

	M, C	1. Obtain a sufficient understanding of the separation of duties over cash receipting functions at the Justice Court. If authorization, access to or custody of assets, and record keeping duties are not separated (limited staff) and no compensating review is performed by an individual without access to monies collected, complete Procedures 2 through 6 below.		
	M, C	2. Select a sample of cases with a full or partial payment receipted during the audit period and determine that the disposition of the fines, fees, and forfeitures were in compliance with the applicable laws (see Chapter 1, Appendix 2, <i>Disposition of Justice Court Fines, Fees, and Forfeitures</i>).		
See Chapter 1 Appendix 2	M, C	3. <u>Credits</u> : Select a sample of credits issued (CORIS credit detail report) during the audit period. Verify that each credit was authorized by the bail schedule (as specified in the Uniform Fine/Bail Forfeiture Schedule) or ordered by the judge (as specified in the judicial order or a general court order). In addition, review the documented proof of compliance, e.g. completion of community service, completion of alcohol treatment, proof of valid registration, proof of repair of faulty equipment or other judicially specified reason attached to the citation, stored in the case file or scanning system, or filed with the daily accounting records. Note: The Uniform Fine/Bail Forfeiture Schedule is located at: http://www.utcourts.gov/resources/rules/ucja/append/c_fineba/		
See Chapter 1 Appendix 2	M, C	4. <u>A/R Adjustments</u> : Select a sample of accounts receivable (a/r) adjustments (CORIS adjustments to a/r) during the audit period. Verify each a/r adjustment was entered to correct a clerical error when setting up the amount or the amount is no longer due (dismissed offense based on proof specified in the Uniform Fine/Bail Forfeiture Schedule or dismissed by judge in a judicial order).

See Chapter 1 Appendix 2	M, C	<p>5. <u>Dismissed Offenses/Amounts</u>: Select a sample of dismissed offenses that clerks are authorized to dismiss as specified in the Uniform Fine/Bail Forfeiture Schedule (CORIS charge disposition report) during the audit period.</p> <p>Verify that each dismissed offense is appropriate. Review the documented proof provided to the clerk (proof of insurance, proof of drivers license in effect at time of offense, etc. as specified in the bail schedule). The proof of documentation is attached to the citation, stored in the case file or scanning system, or filed with the daily accounting records. Verify that an appropriate reason or explanation was provided in each case.</p> <p>All other dismissed offenses not specified in the Uniform Fine/Bail Forfeiture Schedule and CJA Rule 4-704 must be dismissed by written judicial order. Verify that an appropriate reason or explanation was provided in each case.</p>		
See Chapter 1 Appendix 2	M, C	<p>6. <u>Voided Receipts</u>: Select a sample of transaction reversals (CORIS transaction reversals report) during the audit period.</p> <p>Verify that each transaction reversal (void) was initiated by the cashier and approved by a second clerk/employee to compensate for separation of duties weaknesses. Select any reversals initiated and approved by the same clerk/employee with a focus on cash transactions and review for propriety. If a cash receipt, verify the re-receipt. If a cash payment was receipted, then voided at a much later time/date, review for propriety.</p>		
		7. Obtain a response for each audit finding from the presiding judge.

E. UTAH RETIREMENT SYSTEMS

The procedures in this section should be performed if the governmental entity participates in any of the following systems of the Utah Retirement Systems (URS) or if the employer is paying the member contribution or a portion of it into the system:

- Noncontributory Retirement System
- Contributory Retirement System
- Public Safety Retirement System
- Firefighters' Retirement System
- Tier 2 Public Employees Contributory Retirement System
- Tier 2 Public Safety and Firefighters Contributory Retirement System

* C=County; M=Municipality (City/Town); D=Special Service or Local Districts; IL=Interlocal Entity; LEA=Local Education Agency (School Districts and Operating Charter Schools, including charter schools organized as nonprofits)

This testwork is performed to support the annual financial statement audit of URS. **Any errors or noncompliance noted should also be reported to the URS Director of Finance, Kim Kellersberger, at Kim.Kellersberger@urs.org**

UCA 49-11-801 , also IRS Rev. Rul. 2006-43	ALL	<p>1. For entities participating in a URS Contributory System where the entity is paying any portion of the member (employee) required contribution, determine whether the entity's governing board authorized the payment of that portion through a formal action of the board. (Note: This action could have occurred in previous years.) Ensure that the authorization covers the year under audit.</p> <p>Example: The member/employee contribution rate in the URS Contributory System is 6%, so if an employer is paying 4.5% of the 6% required contribution for its employees, IRS rules require the governing body to approve the payment of the 4.5% through a formal action.</p>		
See Suggested Audit Procedures	ALL	<p>2. Select a sample of newly hired employees from the payroll register and determine that eligible employees were immediately and accurately enrolled in the Utah Retirement Systems unless the employee qualifies to be exempt from retirement coverage.</p> <p>Eligibility rules vary by retirement system:</p> <ul style="list-style-type: none"> • Tier 1 Public Employees Noncontributory Retirement System (UCA 49-13-201) • Tier 1 Public Employees Contributory Retirement System (UCA 49-12-201) • Tier 1 Public Safety Noncontributory Retirement System (UCA 49-15-201) • Tier 1 Public Safety Contributory Retirement System (UCA 49-14-201) • Tier 1 Firefighters Retirement System (UCA 49-16-201) • Tier 2 Public Employees Contributory Retirement System (UCA 49-22-201) • Tier 2 Public Safety and Firefighter Contributory Retirement System (UCA 49-23-201) 		
	ALL	<p>3. Select a sample of employees on leave of absence and determine that the employer maintained accurate records relating to leave of absence and notified the retirement office of the beginning and ending dates of leave.</p>

	ALL	1. Determine the type and amount of restricted taxes and other related revenue (i.e. Liquor Tax Distribution, B&C Road Funding, State Driver's Training Tax) received by the entity. See Chapter 1 Appendix 3 for a listing of possible restricted tax types and other related restricted revenue.		
	ALL	2. If the total of all restricted taxes and other related revenue is significant to the entity (greater than 1/3 of the performance materiality from the financial statement audit), perform the following: <ul style="list-style-type: none"> a. Determine that the various restricted taxes/other related revenue are accounted for in separate restricted accounts. b. Select a representative sample of expenditures made from restricted sources and determine whether the expenditures were made only for purposes authorized by law. c. G. SCHOOL DISTRICT TAX LEVIES

The objective of this testwork is to ensure property tax and related fee revenue are allocated to the appropriate school district fund and expended as allowed by state law.

TYPES AND ALLOCATION OF TAX LEVIES:

Districts can levy taxes based on different available tax rates. All districts must levy the basic rate in order to qualify for receipt of the state contribution toward the basic program. Receipts of property taxes should be allocated to each assigned district fund based on current-year property tax rates.

Available Tax Levy	Required vs. Optional	Ceiling Rate	District Fund to Which Funds s/b Allocated	Allowable Expenditures	UCA Reference
Basic – the local-state shared portion	Required	0.001736 (minimum)	General Fund	Unrestricted – To be used for each district’s operation and maintenance of schools.	53A-17a-135 ; 59-2-902 , 905 , 906 & 924
Voted Local – State and local funds received by a district under the Voted Local Program	Optional	0.002	General Fund	Unrestricted – May be budgeted and expended with the general fund as authorized by the local school board.	53A-17a-133 ; 59-2-904
Board Local – State and local funds received by a district under the Board Local Program	Optional	0.0018 or 0.0025	General Fund	Unrestricted – May be budgeted and expended with the general fund as authorized by the local school board.	53A-17a-164 ; 59-2-904
Capital Local	Optional (except for school districts in a first-class county who must impose a Capital Local levy of at least .0006)	0.003	Capital Projects Fund	Restricted – Used for capital outlay and debt service. A portion of this levy may be used for general purposes.	53A-16-113
Debt Service	Required if General Obligation Bonds outstanding	Voter approval	Debt Service Fund	Restricted – used to satisfy debt service requirements of issued general obligation bonds.	11-14-310

See table above	LEAs, except charter schools	1. Determine that property taxes and related fees were calculated and allocated to the proper levy/fund based on the current-year tax rate and that the various restricted taxes are accounted for in separate restricted accounts.		
See table above	LEAs, except charter schools	2. ALLOWABILITY – Select a representative sample of expenditures made from restricted tax and related fee sources and determine whether the expenditures were made only for purposes authorized.		
See table above	LEAs, except charter schools	a. Debt Service – Verify that these funds have been used only to pay general obligation debt service principal and interest along with paying agent fees and refunding costs.		
See table above	LEAs, except charter schools	b. Capital Local – Verify these funds were used only for capital outlay (defined as items that are capital in nature such as land, buildings, improvements, equipment, and other capital assets) and debt service and maintenance projects, with exceptions as noted in 53A-16-113-(5)(a) . In compliance with 53A-16-113, the local school board shall notify the public of the board’s use of the capital outlay levy proceeds for general fund purposes prior to the board’s budget hearing and at a budget hearing.		
See table above	LEAs, except charter schools	3. Debt Service Levy: Ensure the debt service levy is generating revenue sufficient to retire the debt and not generating significant excess fund balances (more than a month of debt payments). If the revenues from the debt service levy exceeded the expenses of the debt service fund, ensure the excess remains in the fund and is available for future debt service. EXCEPTION: If the general obligation bond debt was fully retired during the year, any excess may be transferred to the capital projects fund.

UCA 63A-3-405	ALL w/ annual revenues or expenses over \$1million	NOTE: Compliance with transparency reporting is subject to testwork by the OSA. The procedures listed below are to assist the OSA in that testwork. Therefore, the auditor does not need to perform any other testwork related to transparency requirements (i.e. risk assessments, materiality, compliance, etc.) and <u>should not report on compliance with transparency in the audit report.</u>		
		1. After all closing entries and audit adjustments have been recorded in the entity's accounting system, obtain a download of the revenue and expenditure/expense transactions ledger for the year under audit. Summarize all transactions applicable to the Transparency Website quarterly uploads by total revenue and total expense/expenditures, including a summary of the number of transactions for each.		
		2. Complete the OSA online form, Transparency Compliance Reporting, at http://goo.gl/forms/NxuG7VU4Kp , providing the total revenue and expenditures/expenses listed on the general ledger as well as the total number of transactions for each.		
		General Note: Entities are required to upload data for all component units if the component unit has not already uploaded the data. If any component units have been excluded or reported separately, please note on the Transparency Compliance Reporting form.

Comment: For each selected applicable compliance requirement, perform risk assessment procedures to obtain a sufficient understanding of the applicable compliance requirements and the entity's internal control over compliance with the applicable compliance requirements (AU-C 935.15).

Inquire of management about whether there are findings and recommendations from previous audits, attestation engagements, and internal or external monitoring that directly relate to the objectives of the compliance audit.

Understand management's response and corrective action (AU-C 935.16).

Cell: U5

Comment: Establish and apply materiality levels for each selected applicable compliance requirement (AU-C 935.13).

Document materiality levels and the basis on which they were determined.

Cell: W5

Comment: Assess the risk of material noncompliance whether due to fraud or error for each applicable compliance requirement.

Consider whether any of those risks are pervasive to the entity's compliance because they may affect the entity's compliance with many compliance requirements (AU-C 935.17).

Cell: G7

Comment: Identify government programs and compliance requirements to test (AU-C 935.14)

Y = The applicable compliance requirement is selected for testing in this year's compliance audit.

N = The applicable compliance requirement was not selected for testing in this year's compliance audit.

N/A = The compliance requirement is not applicable to this entity.

CHAPTER 2: AUDIT PROCEDURES TO BE PERFORMED AT LEAST EVERY THIRD YEAR

This chapter of the *State Compliance Audit Guide* identifies compliance testwork that auditors can generally rotate. (Not all of the compliance requirements apply to all entity types.) Auditors should divide the applicable requirements approximately in third and test a third of them with each audit, budgeting a similar amount of tests for each audit cycle unless the risk of noncompliance warrants testing of these requirements every year.

This chapter does not apply to nonprofit organizations EXCEPT FOR **charter schools structured as nonprofit organizations**, which are considered public schools and are, therefore, subject to this chapter similar to school districts.

Auditors should not rotate/omit a specific compliance test if the prior audit identified noncompliance or if evidence supports an elevated risk of noncompliance for the current audit.

This report, entitled the "Deposit and Investment Report Form," provided by the Council (see http://utah.gov/treasurer/documents/utah-state-treasurer-deposit-investment.pdf), contains information about the deposits and investments of that entity during the preceding six months ending December 31 and June 30, respectively. The Council uses this form to determine if the entity is in compliance with the Money Management Act. Review the entity's fiscal year end report and determine that the report agrees to financial institution statement year-end closing balances ('bank' balances NOT 'book' balances) and includes all accounts (both deposit and investment) held by the entity.

B. ENTERPRISE FUND TRANSFERS, REIMBURSEMENTS, LOANS, AND SERVICES

This *Guide* focuses on state compliance issues and generally does not include audit steps regarding appropriate accounting treatment. However, as concerns are raised about the appropriate accounting treatment for certain transactions, the OSA includes the treatment in this *Guide*. As such, we have included this section relating to Enterprise Funds. The auditor should consider this guidance when conducting an audit of governmental entities.

Background

The treatment of enterprise fund transfers, reimbursements, loans, and services is subject to the following two provisions: **(1) Utah Code Annotated (UCA) and (2) Accounting standards**. Therefore, requirements not specifically stated in UCA but required by accounting standards must be followed.

Unlike a private business, which is accounted for as a single entity and has an accounting system designed to measure profitability, governmental accounting systems are designed to measure **accountability**. To measure accountability, a governmental unit is accounted for through several separate funds. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, segregated for the purpose of carrying on specific activities for attaining certain objectives in accordance with **regulations, restrictions, or limitations**. Therefore, a governmental unit is a combination of several distinctly different fiscal and accounting entities, each having a separate set of accounts and functioning independently. (GASB Codification 1300.101)

An enterprise fund is a separate distinct fiscal entity designed to account for the restricted activity of the fund. The restriction imposed on enterprise fund proceeds is created through an implied agreement with rate payers when the government imposes a fee. The implied agreement is that the government will use the fee for enterprise fund activities and nothing else.

Public Notice and Hearing Requirements

State laws for local governments require that when there are "...allocations or transfers from an enterprise fund to another fund that are not reasonable allocations of costs between the enterprise fund and the other fund, the governing body shall..." publish public notice and hold a public hearing to disclose the transfer. Essentially, if resources (cash, goods, or services) are transferred out of an enterprise fund and equivalent resources are not received in return (meaning no cash is exchanged or no overhead is allocated), the entity must publish notice and hold a public hearing regarding the transaction. For counties, the original or subsequently amended budget hearings and notices are sufficient to comply with this requirement. **For all other local governments, information specific to the transfer vs. the budget public hearing must be mailed or transmitted separately to each enterprise fund customer.**

Accounting Treatment

In order to complete accounting entries for enterprise fund transfers, reimbursements, loans, or services, the amount/value of the goods or services provided to another fund must be determined. The value of the services provided by a utility enterprise fund to another fund should be estimated or calculated at the same rates charged to other similar customers of the fund. Conversely, the value of services provided by the general fund to oversee the utility enterprise funds (HR functions, accounting, legal, etc.) should be based on reasonable estimates/allocations of those costs. Both the costs of the services provided by the utility enterprise fund to other funds as well as the overhead type costs incurred to oversee the utility enterprise fund should be recorded, even if cash was not exchanged between funds.

Nonreciprocal interfund activity is the internal counterpart to nonexchange transactions and includes interfund transfers and interfund reimbursements. (GASB Codification 1800.102)

- **Interfund transfers** – flows of assets (such as cash, goods or services) without equivalent flows of assets in return and without a requirement for repayment.

Example 1: A transfer of cash from a utility enterprise fund to the general fund or other funds for **activities unrelated** to the utility enterprise fund. Sometimes these transfers are referred to as **subsidy transfers**.

<u>Enterprise Fund</u>		
Nonoperating Expenses - Transfer Out	\$xx,xxx	
Charges for Services		\$xx,xxx

(NOTE: For both examples above, local governments other than counties are required by statute to perform additional public notice procedures of the transfer.)

- **Interfund reimbursements** – repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them. For example, the general fund may pay a bill for an enterprise fund for which the enterprise fund then reimburses the general fund. Also, **allocations of overhead** (e.g. accounting, payroll, and human resource services) **are properly treated as an interfund reimbursement** rather than as interfund services. Note that for interfund reimbursements, neither fund recognizes revenue.

<u>General Fund</u>		
Cash or Due from Other Funds – Enterprise Fund	\$xx,xxx	
Expenditure		\$xx,xxx
<u>Enterprise Fund</u>		
Expense	\$xx,xxx	
Cash or Due to Other Funds – General Fund		\$xx,xxx

Reciprocal interfund activity is the internal counterpart to exchange and exchange-like transactions and includes interfund loans and interfund services provided and used (GASB Codification 1800.102.a).

- **Interfund services provided and used** – sales and purchases of goods and services between funds for a price approximating their external exchange value. Interfund services provided and used should be reported as revenues in seller funds and expenditures or expenses in purchaser funds. For example, the enterprise fund may provide water, electricity, or garbage services for city offices or parks accounted for in the general fund.

<u>General Fund</u>		
Utilities Expenditure	\$xx,xxx	
Cash or Due to Enterprise fund		\$xx,xxx
<u>Enterprise Fund</u>		
Cash or Due from General Fund	\$xx,xxx	
Charges for Services		\$xx,xxx

- **Interfund loans** – amounts provided with a requirement for repayment. Interfund loans should be reported as interfund receivables in lender funds and interfund payables in borrower funds.

* C=County; M=Municipality (City/Town); D=Special Service or Local Districts; IL=Interlocal Entity; LEA=Local Education Agency (School Districts and Operating Charter Schools, including charter schools organized as nonprofits)

Materiality

All accounting standards are subject to the principle of materiality. Therefore, if a government determines that amounts related to financial reporting requirements are not material, then the requirement is not applicable. However, the determination of materiality must be based upon an evaluation/estimate of relevant factors. A simple guess or “gut feeling” is not a sufficient evaluation.

D. TAX LEVY REVENUE RECOGNITION

Background

We have noted instances where governmental entities do not recognize revenue for taxes imposed by the government because the funds do not flow through the entity. GASB 36, paragraph 2, requires that the entity that imposes a tax recognize the tax revenue.

Common Revenue Recognition Errors

Redevelopment Agencies (RDA)

When a county collects tax increment it distributes the increment directly to an RDA. However, the RDA is not the taxing entity; rather, the taxing entity is the public entity (school district, local or special district, municipality, county, etc.) that authorized the RDA to receive the increment. Therefore, that public entity should record the property tax revenue and a corresponding expenditure to the RDA.

If the RDA is a blended component unit and reported as a special revenue fund of the primary government, GASB 54, paragraph 30, requires the proceeds to be reported as revenue in the RDA special revenue fund.

Local Option Sales Taxes for Transportation

Utah Code 59-12-2208 allows a county, city, or town legislative body to impose a sales tax for transportation. One of the allowable uses of the tax is for a "system of public transit." Some local governments have elected to have the State Treasurer directly deposit these funds with the local transit authority rather than having the funds flow through the county, city, or town and then to the transit authority. Regardless of the flow of funds, because the tax is imposed by the county, city, or town, these funds should be recognized as a revenue and expenditure on the financial statements of the entity that imposed the tax.

Capital Equalization

School districts in first class counties impose a tax rate of .000600 for capital equalization. Tax revenue generated by this levy is allocated to the school districts based on student enrollment. The tax imposed by the school district is revenue and the difference between actual receipts and revenue is recorded as other local revenue or an expenditure.

E. IMPACT FEES

When considering materiality for the auditor’s testing of the impact fee schedule, a potential user may include those who pay the impact fee. Those who pay the impact fee may be concerned about amounts typically considered immaterial in comparison to total impact fees or the total project. Due to audit efficiency considerations, the OSA does not expect the auditor to test the impact fee schedule to the level of materiality of each individual who pays the impact fee.

The objective of these procedures is to ensure that fees are not being charged in the public school system for kindergarten through sixth grade students for activities occurring during the regular school day. CHAPTER 3: AUDIT PROCEDURES FOR MINIMUM SCHOOL PROGRAM FUNDS RECEIVED FROM THE UTAH STATE BOARD OF EDUCATION (Local Education Agencies)

This part of the *State Compliance Audit Guide* identifies compliance testwork relating to State funds received from the Utah State Board of Education (USBE) for the Minimum School Program. This chapter provides a source of information for auditors to understand and document the USBE programs' objectives, procedures, and compliance requirements relevant to the audit, as well as audit objectives and suggested audit procedures for determining compliance with these requirements. In the following text, "LEA" means Local Education Agency and refers to school districts and charter schools, including charter schools organized as nonprofits.

IN DETERMINING HOW THE LEA ENSURES COMPLIANCE, CONSIDER THE FOLLOWING:

- Accounting system capable of recording appropriations or budgets and comparing them to actual results
- Reconciling appropriation or budget totals to totals recorded in the accounting system
- Policies and Procedures Manuals
- Knowledge and Training of personnel
- Legislative and Management Monitoring
- Management's identification of changes in laws and regulations
- Management's communication of changes in laws and regulations to employees
- Appropriately functioning audit committee

A. MINIMUM SCHOOL PROGRAM PROCEDURES (Report as a "Major Program" in the Compliance Report)

The objective of the Minimum School Program (MSP) is to provide reasonably equal educational opportunities for all children in the State of Utah regardless of where they live or their economic status. This *Guide* applies to school year 2015-2016.

MSP funds are allocated to LEAs by the USBE in accordance with formulas found in UCA 53A-17a and State Board of Education administrative rules. The largest share of funds use allocations based on average daily membership and fall enrollment. Some allocations are based on fixed or competitive grant applications.

The MSP provides funding for most educational activities. The MSP programs in which LEAs most commonly participate are listed in Chapter 3, Appendix 1. Full descriptions for these programs can be found at the following website:

<http://www.schools.utah.gov/finance/Minimum-School-Program/MSP-Descriptions.aspx>

Classification of MSP Programs:

For state compliance audit purposes, the school programs within the MSP can be divided into two groups: general and restricted.

"General" school programs have few specific compliance requirements and are intended for general educational purposes.

“**Restricted**” school programs are those programs or awards within the MSP that are to be used for those specific purposes or populations as outlined in Utah statute or Board Administrative Rules. **These programs are to be evaluated for risk and tested for compliance on a rotating basis.**

This Guide does not detail all audit procedures necessary to test for compliance. We have included in this Guide detailed steps for those procedures we feel are most significant. Other procedures in this Guide are broad in nature and may require the auditor to determine the applicable program requirements and the appropriate audit procedures to test for compliance with those requirements.

	1. Trace the flow of funding for each individual Minimum School Program (MSP) to the final disposition as follows: <ul style="list-style-type: none"> a. Determine if the LEA is using the chart of accounts established by the USBE, including the appropriate funds, functions, objects, and revenue codes, or that the LEA’s map of their own codes is accurate and rolls to the USBE codes. http://www.schools.utah.gov/finance/Financial-Reporting/Chart-of-Accounts.aspx 		
	b. Trace the LEA’s reconciliation of program activities from reports prepared by the USBE (monthly allotments, recipient reports, and LEA summary reports) to the LEA’s records and reports (general ledger, program revenue and expenditure reports, claims for reimbursement, financial statements, Annual Program Report, and Annual Financial Report).		
	c. Verify that program balances agree with prior-year and current-year ending balances on reports prepared by the LEA. (For each program, the LEA’s reconciliation should include beginning receivable or unspent program balance, receipts, expenditures, adjustments, and ending receivable or unspent program balance.) 	<p>5. Determine Which Restricted Programs to Test:</p> <p>a. <i>Significant restricted programs</i> (those programs with expenditures totaling 3% or more of the calculated total) must be selected at least once every three years. If a significant restricted program is new to the LEA in the current year, it should be selected in the current year because it was not selected in one of the prior two years. Also, a program that reaches the 3% threshold for the first time and has not been selected in one of the prior two years must be selected in the current year. If the LEA reaches the \$750,000 threshold for the first time, then each significant restricted program is to be selected once during a 3-year period.</p> <p>b. Restricted programs designated as high risk by the USBE or for which there were audit findings in either of the preceding two years must be selected in the current year.</p> <p>c. A <i>cluster of programs</i> is a grouping of closely related restricted programs that share common compliance requirements. Two clusters (Special Education and Enhancement for Accelerated Students) have been</p>		

Legal Ref.	AUDIT PROCEDURES	Performed by and Date	Workpaper Index
	<p>identified. A cluster of restricted programs should be treated as one program when determining which programs to select.</p> <p>The combined amount of restricted program expenditures selected for testwork must be equal to or greater than 25% of the total of all restricted programs for MSP. Therefore, additional programs may need to be selected to meet the required percentage of coverage. These additional programs are selected by the auditor, using professional judgment and considering risks of noncompliance.</p>		
	<p>6. Identify compliance requirements for restricted school programs selected for testwork by consulting applicable state laws and rules and contacting state program administrators. Determine any necessary audit procedures which need to be performed in addition to those listed below.</p>		
	<p>7. Document control procedures over each compliance requirement identified in Procedure 8 above.</p>		
<p>OMB Uniform Guidance 200.402 thru 200.410</p>	<p>8. For each restricted school program selected for testing verify that funds were expended appropriately by performing the following steps:</p> <p>a. Identify the allowable activities and costs for each selected program. In the absence of specific state provisions, federal cost principles from Uniform Guidance should be followed (See Uniform Guidance beginning at section 200.420).</p> <hr/> <p>b. Select samples of expenditures from each selected program, ensuring that the population from which the sample is selected includes all program expenditures (including payroll and non-payroll transactions and adjustments, as well as those qualifying for matching and level of effort), and perform procedures and tests to verify that transactions were properly classified and accumulated into the activity totals and that activities and costs were allowable per the following criteria:</p> <ul style="list-style-type: none"> • necessary and reasonable; • conform to any limitations established by state laws or administrative rules; • consistent with policies and procedures • given consistent treatment; • allocated in accordance with relative benefits received; • determined in accordance with generally accepted accounting principles; • not included to meet cost sharing or matching requirements; • adequately documented. • classified correctly by fund, function, program, and object code. <p>(See OMB Uniform Guidance for guidance on cost principles.)</p>		
	<p>c. Perform procedures and tests to verify that indirect cost rates were applied in accordance with approved rate limitations and guidelines.</p>		

Legal Ref.	AUDIT PROCEDURES	Performed by and Date	Workpaper Index
	<p>d. Determine and document requirements for matching, level of effort, and earmarking:</p> <ul style="list-style-type: none"> • Verify that the required matching contributions or level of effort were met. • Verify that matching contributions were from allowable sources. • Verify that earmarking requirements were met. • Verify that amounts used in computations were derived from the books and records from which the audited financial statements and program reports were prepared. <p>NOTE: <i>Matching</i> includes requirements to provide unrestricted contributions of a specified amount or percentage to match state program funding. <i>Matching</i> usually is in the form of allowable costs incurred. <i>Level of effort</i> or maintenance of effort (MOE) includes requirements for (a) a specified level of service to be provided from period to period, (b) a specified level of expenditures from unrestricted sources for specified activities to be maintained from period to period, and (c) state funds to supplement and not supplant non-state funding of services. <i>Earmarking</i> includes requirements that specify the minimum and/or maximum amount or percentage of the program’s funding that must/may be used for specified activities.</p> <p>State-funded programs with MOE requirements are the State Special Education Cluster and the Career and Technical Education, Reading Improvement, and Transportation programs.</p>		
	<p>PROCEDURES FOR RESTRICTED SCHOOL PROGRAMS COMMONLY SELECTED FOR TESTWORK:</p>		
<p>R277-733-5</p>	<p>9. Adult Education –</p> <p>a. Ensure that any carryover of unspent State Adult Education program funds is not more than ten percent or \$50,000 (whichever is less) of State Adult Education funds allocated to the LEA for the year; review the revised budget and written USBE approval to carry forward such funds.</p>		
<p>R277-733-9 and UCA 53A-17a-119</p>	<p>b. Ensure that tuition and fees charged to a student for Adult Basic Education (ABE), GED preparation, Adult Secondary Education (ASE or AHSC or HSC), or English for Speakers of Other Languages (ESOL) courses do not exceed \$100 annually. Ensure that fees and tuition charges are reasonable and necessary as determined by the LEA board. Ensure that fees collected are used to provide additional adult education and literacy services that the program would otherwise be unable to provide.</p>		
	<p>c. Test program expenditures for allowability (used only for Adult Education programs) and compatibility with the LEA’s annual plan.</p>		
<p>UCA 53A-21-102</p>	<p>10. Capital Outlay Foundation – These funds are to be used for school district capital outlay and debt service purposes.</p>		
	<p>a. Trace allotments of capital outlay programs to the capital projects fund and determine the use of these funds are for capital outlay or debt service purposes.</p>		

Legal Ref.	AUDIT PROCEDURES	Performed by and Date	Workpaper Index
	b. If the school district participates in the school building revolving account, ensure loan proceeds are used to meet the district's needs for school building and renovation.		
UCA 53A-17a-113	11. Career and Technical Education (CTE) – Add-On – a. Obtain a copy of the class listings, preferably with either the grade or birthdates, and verify that the student information is correct within the Student Information System.		
R277-911	b. Verify that CTE funding was used only for students in grades 9-12. (NOTE: Some LEAs may allow students of lower grades to participate in these classes; however, students from these lower grades may not be counted towards membership for CTE purposes.)		
	c. Ensure the CTE maintenance of effort requirements are met. If students in grades 7-8 are also enrolled in a CTE course, local revenue beyond that required for meeting CTE Maintenance of Effort requirements must be included with local revenue for the program. The amount of local revenues should be equivalent to the CTE funding for students in grades 9-12 on a per student basis. CTE maintenance of effort as calculated by the USBE (see http://www.schools.utah.gov/CTE/funding/DOCS/AllocationMOE16.aspx) must be added to the program. The CTE maintenance of effort can be from unrestricted local or state sources. Ensure MOE funds are recorded appropriately on the Schedule of the APR.		
UCA 53A-17a-124.5	12. Class Size Reduction – a. Verify that at least fifty percent of the allocation is used to reduce class size in any one or all of grades kindergarten through grade two, unless a waiver has been granted by the State because the average class size of the LEA is less than 18 in grades K-2.		
	b. Select a sample of costs charged to this program and test for allowability (personnel and related benefit costs for qualifying classroom teachers and facility costs for qualifying classroom projects).		
	c. Verify that funding was used to supplement allowable class size reduction activities. NOTE: Twenty percent of the funds may be used for capital facilities projects that help reduce class size. If student population increases by five percent or 700 students from the previous school year, the LEA may use up to fifty percent of its funds for classroom construction. This funding is to supplement any other appropriation for class size reduction. It is recommended the LEA maintain a list of educators and related benefits paid from this funding.		
R277-459	13. Classroom Supplies and Materials – Obtain a listing of the amounts allocated by teacher. Verify that either 1) reimbursements are occurring based upon receipts being turned in or 2) the LEA is including the amounts paid to teachers in their W-2 wages. (The amounts allocated to each teacher are based upon elementary or secondary assignment as well as the number of years of teaching experience.)		

Legal Ref.	AUDIT PROCEDURES	Performed by and Date	Workpaper Index
R277-713	14. Concurrent Enrollment – Perform the following procedures: a. Ensure reports submitted to USBE agree with supporting documentation.		
R277-713-8(E)	b. Test program expenditures for allowability.		
R277-713-6	c. Review fees and tuition collected for compliance with R277-713-6.		
UCA 53A-17a-167 and R277-489	15. Early Intervention – Perform the following procedures: a. Review the LEA’s application and state funding requirements for this program.		
	b. Ensure that use of allocated funds is consistent with the LEA’s application and state funding requirements by selecting a sample of expenditures charged to the program and testing the sampled items for allowability and proper classification.		
UCA 53A-17a-153 and R277-110	16. Educator Salary Adjustments Funds – These funds are appropriated by the Utah Legislature to give an on-going salary adjustment to each qualifying educator (\$4,200) and school administrator (\$2,500) employed by the LEA. a. Select a sample of persons whose salary has been charged to this program and verify that these employees are currently employed in a qualifying position and that they have received a satisfactory rating or above on their most recent evaluation. b. Review the amount of the adjustment paid to the persons sampled. Also, review employer-paid benefits charged to the programs for allowability. NOTE: A qualifying educator means a person employed by an LEA who holds a license and a position as a classroom teacher, speech pathologist, librarian or media specialist, preschool teacher, mentor teacher, teacher specialist or teacher leader, guidance counselor, audiologist, psychologist, or social worker. A qualifying school administrator means persons employed by the LEA who are “licensed educators, which hold an Administrative/Supervisory area of concentration, who serve as formal leaders at each school site. Duties include items such as school safety, budget, building operations and maintenance, teacher quality, student achievement, parent and community relations, core instruction, and extracurricular activities. Principals, assistant principals and administrative interns are included in this definition” (see CACTUS Educator Categories – 5/2/2014 at the following site: http://www.schools.utah.gov/CURR/main/Codes-Approval.aspx Salary adjustments are to be the same for each full-time qualifying position; a person who is not in a full-time qualifying position receives a partial salary adjustment based on the number of hours the person works in a qualifying position. Educator salary adjustments can include costs for the following employer-paid benefits: retirement, worker’s compensation, Social Security, and Medicare.

UCA 53A-17a-166 and R277-708	<p>17. Enhancement for At-Risk Students – Perform the following procedures:</p> <p>a. Review the LEA’s application and state funding requirements for this program.</p> <p>b. Ensure that use of allocated funds is consistent with the LEA’s application and state funding requirements by selecting a sample of expenditures charged to the program and testing the sampled items for allowability and proper classification.</p> <p>(Note: Gang Prevention funds are awarded on a grant basis and should be tested separately if the LEA has an award during the current fiscal year.)</p>		
UCA 53A-17a-150	<p>18. Reading Improvement –</p> <p>a. Review the LEA’s State board approved plan and test related expenditures for allowability, classification, and compliance with the plan.</p> <p>b. Determine that the LEA allocated to the program the amounts specified below, depending on the LEA’s level of participation:</p> <p>To fully participate in the Guarantee Program of the Reading Improvement Program, a district must allocate to the program an amount of unrestricted local resources equal to the amount of revenue that would be generated by a tax rate of .000056. To fully participate in the Low Income Students Program of the Reading Improvement program (see Chapter 4, Section A of this <i>Guide</i> and UCA 53A-17a-150), a district must allocate to the program an amount of unrestricted local resources equal to the amount of revenue that would be generated by a tax rate of .000065.</p>		
UCA 53A-16-101.5 (5) R277-477	<p>19. School LAND Trust – Board-approved plans can be viewed at http://www.schoollandtrust.org/schools/program-plans.</p> <p>Test expenditures for allowability, classification, and compliance with the approved plan and budget categories set forth in the plan. See Administrative Rule R277-477 for specific allowable costs.</p>		
UCA 53A-17a-111 , 112 , and 158 R277-479 R277-525 R277-750 and 751	<p>20. Special Education Cluster –</p> <p>a. Verify that special education programs were only used to provide additional or <i>special</i> services to students with disabilities. For example, students participating in the state special education add-on program qualify for one WPU of regular classroom funding and one additional WPU for state special education add-on funding. Accordingly, costs charged to special education programs are for services performed in addition or supplementary to regular services that are provided in the regular classroom, such as aids, program modifications, and support that are provided in conjunction with regular classroom instruction. Costs can also be for special classes, resource room or itinerant instruction, related supplies, testing, specialists, and direct supervision of special education services.</p>		

Legal Ref.	AUDIT PROCEDURES	Performed by and Date	Workpaper Index
	<p>b. Obtain either class rolls or inquiry access to the student information system (SIS) and verify that students enrolled in special education programs have been included in the December 1 count of students used to drive the special education funding. An alternative step would be to review the criteria used by the LEA to identify students as having disabilities to qualify them for inclusion in the December 1 count.</p> <p>NOTE: The funding is determined by the level of service required by the student; the LEA may not inflate the level of service required in order to generate additional funds. Programmatic compliance reviews are conducted to ensure students receive only the level of service (and therefore funding) that is required to implement their Individualized Educational Plan.</p>		
	<p>c. Select a sample of costs charged to state special education programs and test for allowability. Funds may be spent only for direct costs. Indirect costs are not allowable. Allowable and unallowable direct costs for approved programs for students with disabilities are published in the USBE Special Education Rules (Rules), beginning on page 191 of the PDF version located at http://www.schools.utah.gov/sars/DOCS/law/utspedrules010614.aspx Ensure that costs for regular classroom instruction have not been included with or allocated to state special education programs.</p> <p>NOTE: Although a regular education teacher of a student with a disability is a member of the individualized education program (IEP) team and participates in the development of the IEP of the student or reviews the IEP of the student that participates in the general education classroom, none of the regular education teacher's personnel costs can be allocated to a special education program. However, special education services and aids that provide incidental benefit to nondisabled children may be allowable. The costs of special education and related services, and supplementary aids and services, provided in a regular class or other education-related setting to a student with a disability in accordance with the IEP of the student are allowable, even if one or more nondisabled students benefit from these services.</p>		
	<p>d. Ensure the special education maintenance of effort requirements were met. The LEA is to ensure that current year expenditures in its state special education programs are equal to or greater than the level of those expenditures of the preceding year. Certain exceptions apply. See the Rules, pages 189-190, regarding maintenance of effort. Special education maintenance of effort is the amount of unrestricted local or state sources that must be added to the program each year.</p>		
<p>UCA 53A-17a-126-127 R277-600</p>	<p>21. Transportation – Select a sample of expenditures charged to the student transportation program and test the sampled items for allowability and proper classification.</p> <p>a. Compare total costs recorded for student transportation as reported on the AFR for function 2700 with the APR for the transportation program. Only costs for transporting students are allowable. Transportation and maintenance costs for administrative, LEA fleet, maintenance, or other purposes should not be charged to these funding sources.</p>		

Legal Ref.	AUDIT PROCEDURES	Performed by and Date	Workpaper Index
	<p>b. State Guarantee on Transportation Levy: To fully participate in the State Guarantee on Transportation Levy program, the district must expend an amount of revenue equal to at least what a tax rate of .000200 would generate for eligible transportation costs (transporting students and replacement of school buses).</p> <p>Determine that the LEA allocated to the program the value of .000200 from unrestricted state and local sources.</p>		
<p>UCA 53A-17a-159 R277-492</p>	<p>22. USTAR Centers (Year-Round Math & Science) –</p> <p>a. Verify that the LEA used USTAR funds only for full-year teacher contracts, part-time teacher contract extensions, or a combination of both, and only for math and science teachers.</p> <p>b. Test program expenditures for allowability and proper classification.</p> <p>c. Review program results and ensure no more than 5% of program expenditures were used for math and science field trips, textbooks, and supplies.</p>		
<p>UCA 53A-1-403 R277-709</p>	<p>23. Youth-In-Custody – From the LEA’s funding application, obtain an understanding of allowable expenditures. Test expenditures for allowability and proper classification in accordance with that application.</p>		
<p>R277-419-3(D)</p>	<p>REPORTING REQUIREMENTS RELATED TO MINIMUM SCHOOL PROGRAM – Determine that the LEA submitted the following reports to the State Office of Education timely.</p>		
<p>UCA 63A-3-406 and R277-425-3</p>	<p>a. LEA Annual Financial Report (AFR) and Annual Program Report (APR) (due to the USOE by October 1)</p>		
	<p>b. Audited Financial Statements (due to USOE by November 30) – performed by an independent auditor separately from the requirements of this <i>Guide</i>. A certification of the financial statements and the Audited Financial Statements are to be uploaded to the Office of the State Auditor’s Online Reporting System by December 31 (see reporting.auditor.utah.gov).</p>

APPENDIX 1: UTAH STATE BOARD OF EDUCATION MINIMUM SCHOOL PROGRAM (MSP) SCHEDULE FOR THE YEAR ENDED JUNE 30, 2016

Instructions

The independent auditor of the LEA should use this schedule for planning and documentation of Minimum School Programs (MSP) selected for compliance testing. Please refer to guidance provided in Chapter 3 of the *State Compliance Audit Guide*.

This Schedule is used to identify 1) the classification of school programs within the MSP (General vs. Restricted), 2) the significant restricted programs that were selected by the independent auditor for compliance testing in the current year and prior two years, and 3) the percent of restricted school programs tested in each of those years.

General school programs have few compliance requirements or are not structured for specific program testing. Each year, the auditor should apply the audit procedures listed in Step 3 of this chapter to all general school MSP funds spent by the LEA.

A *significant restricted program* (a restricted program with expenditures totaling 3% or more of total restricted programs) must be selected for testing at least once every three years. Also, a restricted program that has reached the 3% threshold for the first time or has not been selected in one of the prior two years must be selected for testing in the current year. Also, restricted programs designated as high risk by USBE or for which there were reportable audit findings in either of the preceding two years must be selected in the current year for testing. The combined amount of restricted programs selected for testwork must be equal to or greater than 25% of the total of all restricted programs for MSP.

A *cluster of programs* is a grouping of closely related restricted programs that share common compliance requirements. A cluster should be treated as one program.

Include on the Schedule only expenditures of *state-source* revenue for school programs within the MSP. These programs are listed as Revenue 99 programs on the MSP Monthly Allotment. Non-MSP programs (such as State Liquor Control Tax, State Driver's Education, or other state appropriations) should not be included on this Schedule. Also, local matching funds and maintenance of effort requirements (although reported with restricted programs by the LEA) are not be included on this Schedule.

Program expenditures on the Schedule should match amounts reported on the APR.

This Schedule must be submitted to Von Hortin [Von.Hortin@schools.utah.gov] at the USBE by Nov 30.

CHAPTER 4: REPORTING

REPORTING REQUIREMENTS

- A. A Report on Compliance** (with the requirements described in this *Guide*) as well as a **Report on Internal Controls Over Compliance** are required. These two reports can be combined. The following pages contain examples of combined Reports on Compliance with Applicable Requirements and Internal Control Over Compliance (based on AICPA AU-C 935 and this *Guide*).

Certain elements are required to be included in these reports, and have been indicated in the examples (for a list of all elements required, go to AU-C 935.30–.32). One of those main elements is the Opinion.

- **Opinion.** In accordance with this *Guide*, AU-C 935, and GAS, the auditor should form an opinion on whether the entity complied in all material respects with the applicable compliance requirements and the auditor's consideration of internal controls over those requirements and report appropriately.

- B. Material and Significant Findings.** The auditor should report as audit findings:

- Material noncompliance with compliance requirements as described in this *Guide*.
- Significant deficiencies and material weaknesses in internal control over compliance requirements.

Materiality for *compliance* differs from *financial statement* materiality. Materiality for compliance is affected by 1) the nature of the compliance requirement, 2) the nature and frequency of noncompliance identified, and 3) qualitative considerations, such as the needs and expectations of oversight and granting agencies and other users of the auditor's report.

AU-C 935 defines **material noncompliance** as "a failure to follow compliance requirements . . . that result in noncompliance that is quantitatively or qualitatively material . . . to the affected government program." A **material weakness in internal control over compliance** is defined as "a deficiency . . . in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis."

In addition to the discussion above from AU-C 935, the *AICPA Audit and Accounting Guide for State and Local Governments*, paragraph 4.21, discusses other qualitative factors that the auditor may consider in evaluating material noncompliance:

- The potential effect of the noncompliance on the government's ability to raise resources (for example, through taxes, grants, contributions, or debt or loan financings) in the future.
- The potential effect of the noncompliance on the continuation of existing relationships with vendors, employees, and elected appointed officials.
- Whether the noncompliance involves an activity that often is scrutinized by elected or appointed officials, citizens, the press, creditors, or rating agencies.
- Whether the noncompliance is an isolated event or instead has occurred with some frequency.
- Whether the noncompliance results from management's continued unwillingness to correct internal control weakness.
- The likelihood that similar noncompliance will continue in the future.

- C. Audit Response and Planned Corrective Actions.** Utah Code 51-2a-102(3)(c), Utah Administrative Rule R123-5-5(6), AU-C 935, and GAS also require the auditor to report the views of responsible officials and planned corrective actions for findings related to the compliance requirements.
- D. Immaterial findings.** Other instances of noncompliance that do not result in an opinion modification but are more than inconsequential should also be reported to management and those charged with governance, but can be communicated in either a separate letter to management and those charged with governance (i.e. management letter) or with the report.
- E. Inconsequential findings.** The auditor is to use professional judgment to determine whether and how to communicate to the entity violations of compliance requirements that are inconsequential and to document any such communications. Although not required, the auditor may decide to communicate such findings in a letter to management.
- F. Management Letter (optional).** When a management letter is used to communicate other instances of noncompliance (immaterial or inconsequential findings), the state compliance report should refer to the management letter and include a **response from management** either in the report or by referring to management's response in the letter to management. The letter to management and the governing body's response to the recommendations need not be bound with the financial statements and related auditor's report, but the audit report will not be considered complete until all required elements have been received by the OSA.

DEVELOPMENT OF FINDINGS

Clearly developed findings assist management, oversight officials, and other interested parties in understanding the need to take corrective action. Per GAS, findings should contain the following elements: (1) condition, (2) criteria, (3) cause and (4) the effect or potential effect. These are defined below:

- Condition: "What is?" This describes the situation that exists.
- Criteria: "What should be?" This identifies the required or desired state of expectation and provides a context for evaluating evidence and understanding the finding. Examples of criteria would be the laws, regulations, contracts, grant agreements, standards, measures, etc., against which performance/compliance is compared or evaluated.
- Cause: "Why the condition happened?" This identifies the reason or explanation for the condition or the factor or factors responsible for the difference between the criteria and condition.
- Effect: "What is the difference between the what is and the what should be?" The effect or potential effect is a clear, logical consequence demonstrating the impact or potential impact of the difference between the condition and the criteria.

When writing findings, auditors should understand the four elements above and how they relate. Findings should let the reader know the severity of the problem and how to correct the problem. For example, stating only that the entity has inadequate separation of duties is not specific enough for management and the reader to understand the significance of the problem and how that might affect compliance or their decision making process. Stating that the financial manager has the ability to record transactions in the general ledger, approves checks, and performs the bank reconciliations without any independent review, and that this could cause misappropriations of funds to occur without detection, would enable both management and the reader to make decisions regarding the severity of the problem and how to resolve the situation. Further, stating only that the auditor found "some" problems while testing compliance would not adequately detail the severity of the issue. Instead the auditor should detail the tests performed and quantify the errors noted – for example, "we tested 40 B & C road funding expenditure transactions from July 2013 through December 2013 for compliance with state law restrictions (see UCA 72-2-202) and noted 5 transactions that were for unallowable expenditures." The finding should go on to explain what type of expenditures are allowable, what type of unallowable expenditures were noted, and why the errors occurred. Quantifying the errors gives significance and perspective to the errors for both management and the reader of the report.

Management's Responsibility

Management is responsible for compliance with the general state requirements referred to above.

Auditor's Responsibility

Our responsibility is to express an opinion on [the Entity]'s compliance based on our audit of the compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the *State Compliance Audit Guide*. Those standards and the *State Compliance Audit Guide* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on [the Entity] occurred. An audit includes examining, on a test basis, evidence about [the Entity]'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with general state compliance requirements. However, our audit does not provide a legal determination of [the Entity]'s compliance.

Opinion on General State Compliance Requirements

In our opinion, [full name of Entity] complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on [the Entity] for the year ended [Month, Day, 20XX].

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the *State Compliance Audit Guide* and which are described [in the accompanying schedule of findings and recommendations as items [20XX-2 and 20XX-3] –or– [in our letter to management dated [Date] as items [20XX-2 and 20XX-3] –or– [below]. Our opinion on compliance is not modified with respect to these matters. [Insert views/responses of/from responsible officials after findings.]

[The Entity]'s response to the noncompliance findings identified in our audit is described in the accompanying [insert name of document containing responses]. [The Entity]'s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report On Internal Control Over Compliance

Management of [the Entity] is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit of compliance, we considered [the Entity]'s internal control over compliance with the compliance requirements that could have a direct and material effect on [the Entity] to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance with general state compliance requirements and to test and report on internal control over compliance in accordance with the *State Compliance Audit Guide*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of [the Entity]'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a general state compliance requirement on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a general state compliance requirement will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a general state compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

We noted a matter involving internal control over compliance which we are submitting for your consideration. This matter is described [in the accompanying schedule of findings and recommendations as item [20XX-2] –or– [in our letter to management dated [Date] as item [20XX-2] –or– [below]. [Insert views/responses of/from responsible officials after findings.]

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control and compliance and the results of that testing based on the requirements of the *State Compliance Audit Guide*. Accordingly, this report is not suitable for any other purpose.

[The Entity]'s response to the noncompliance findings identified in our audit is described in the accompanying *[insert name of document containing responses]*. *[The Entity]*'s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report On Internal Control Over Compliance

Management of *[the Entity]* is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit of compliance, we considered *[the Entity]*'s internal control over compliance with the compliance requirements that could have a direct and material effect on *[the Entity]* to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance with general state compliance requirements and to test and report on internal control over compliance in accordance with the *State Compliance Audit Guide*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of *[the Entity]*'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned

Management's Responsibility

Management is responsible for compliance with the general state requirements referred to above.

Auditor's Responsibility

Our responsibility is to express an opinion on [the Entity]'s compliance based on our audit of the compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the *State Compliance Audit Guide*. Those standards and the *State Compliance Audit Guide* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on [the Entity] occurred. An audit includes examining, on a test basis, evidence about [the Entity]'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with general state compliance requirements. However, our audit does not provide a legal determination of [the Entity]'s compliance.

Basis for Qualified Opinion on [Identify General State Compliance area]

As described in [the accompanying schedule of findings and recommendations], [the Entity] did not comply with requirements regarding [identify general compliance area and related compliance requirements] (see item [20XX-1]). Compliance with such requirements is necessary, in our opinion, for [the Entity] to comply with the requirements applicable to that [area].

Qualified Opinion on [Identify General State Compliance]

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, [the Entity] complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on [identify general compliance area] for the year ended [Month, Day, 20XX].

Unmodified Opinion on Each of the Other General State Compliance Areas

In our opinion, [the Entity] complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its other General Compliance Areas for the year ended [Month, Day, 20XX].

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the *State Compliance Audit Guide* and which are described [in the accompanying schedule of findings and recommendations as items [20XX-2 and 20XX-3] ~~or~~ [in our letter to management dated [Date] as items [20XX-2 and 20XX-3] ~~or~~ [below]]. Our opinion on compliance is not modified with respect to these matters. [Insert views/responses of/from responsible officials after findings.]

[The Entity]'s response to the noncompliance findings identified in our audit is described in the accompanying [insert name of document containing responses]. [The Entity]'s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report On Internal Control Over Compliance

Management of [the Entity] is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit of compliance, we considered [the Entity]'s internal control over compliance with the compliance requirements that could have a direct and material effect on [the Entity] to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance with general state compliance requirements and to test and report on internal control over compliance in accordance with the *State Compliance Audit Guide*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of [the Entity]'s internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses or significant deficiencies.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a general state compliance requirement on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a general state compliance requirement will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described [in the accompanying schedule of findings and recommendations as items [20XX-2 and 20XX-3] –or– [in our letter to management dated [Date] as items [20XX-2 and 20XX-3] –or– [below] to be material weaknesses. [Insert views/responses of/from responsible officials after findings.]

A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a general state compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described [in the accompanying schedule of findings and recommendations as items [20XX-2 and 20XX-3] –or– [in our letter to management dated [Date] as items [20XX-2 and 20XX-3] –or– [below] to be significant deficiencies. [Insert views/responses of/from responsible officials after findings.]

[The Entity]'s response to the internal control over compliance findings identified in our audit is described in the accompanying [insert name of document containing responses]. [The Entity]'s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control and compliance and the results of that testing based on the requirements of the *State Compliance Audit Guide*. Accordingly, this report is not suitable for any other purpose.
