

OFFICE OF THE
STATE AUDITOR

April 20, 2017

Kelly James
Proletariat Watch
P.O. Box 970721
Orem, Utah 84097
Email: info.proletariat.watch@gmail.com

Dear Kelly:

This letter is in response to request No. 3 on your GRAMA request dated April 7, 2017, in which you requested the "names of the special districts in Utah." Requests Nos. 1, 2, and 4 will be responded to by the State Division of Finance.

I have attached a current list of local and special service districts as pulled from the Office of the State Auditor database. We do not separate out local and special service districts in our database. Conservation districts are also included in this list.

In response to your concerns regarding the differences in numbers for each of the lists, the number of entities on the Transparency website would understandably be less than the number on other lists since not all of the special service districts are currently required to post to the Transparency website. However, the number of districts reporting to the Transparency website will increase once local government entities with annual revenues and expenditures less than \$100,000 come on-line with the Transparency website on July 1, 2017.

I am not sure why the number of districts on the Public Notice Website is so high. We are currently working on coordinating the entities listed on the Public Notice website, the Transparency website, and open.gov to provide consistency between the various interactions the public has with local government entities on state sites.

I cannot speak to the difference in the number of districts listed on the Utah Trust Lands website; however, I will note that not all districts are members of the Trust, so this list would never be a complete list of districts.

I strongly believe that the attached list of districts is an accurate reflection of current districts in the State since we receive notification from the Lt. Governor's Office whenever a new district is created and we then add the new district to our database to enable our office to collect annual budgets and financial statements from the district. If you would like to compare this list with the list you have for the Public Notice website, we would be happy to provide explanations about any entities that are on the Public Notice website, but not on our list.

Please be aware that all GRAMA requests are posted on our website as a matter of office practice (with personal information, such as address, redacted). We do this to provide transparency and accountability to the public at large.

Please let me know if I can be of more assistance.

Thanks,

Ryan Roberts
Local Government Supervisor
Office of the State Auditor
