

OFFICE OF THE
STATE AUDITOR

March 5, 2018

Kyle Walker, Managing Director
Pelorus Methods

Dear Mr. Walker:

This letter is in response to your GRAMA request dated February 26, 2018 in which you requested the following records:

“List with names and types of Local Government entities (City, Town, SSD, AOG, Health, Interlocal) with annual revenues or expenditures meeting the OSA reporting requirements for entities with Total Annual Revenues or Expenditures less than \$350,000.
Separately, a list for entities meeting the OSA reporting requirements for entities with Total Annual Revenues or Expenditures between \$350,000 and \$1 million.”

In response to your request, I have attached a spreadsheet which was created from our current client database. The spreadsheet includes all of the entities that have submitted financial reports to the Office of the State Auditor from 2015-2017 and had less than \$1M of revenue/expense. It contains the entity type, name, year of report, and dollar amount of revenue/expense, so you will be able to sort it to fit your needs, including a sort by revenue/expense amount in order to create a separate report for those entities under \$350,000. There are some duplicates in this file. Also, some entities that would fall into the group requested did not submit reports to our office and so do not appear on the report; however, this is currently the only report we have that identifies entities along with their revenue/expense amounts. We are hoping to have this information in a reportable format by the end of the summer.

Please be aware that all GRAMA requests are posted on our website as a matter of office practice (with personal information, such as address, redacted). We do this to provide transparency and accountability to the public at large.

Sincerely,

Linda Siebenhaar, Records Officer
Office of the State Auditor
