1. Who are the employees or officials at the government entity who were involved in the alleged noncompliance or who have the responsibility to remediate the alleged noncompliance or violation?

I'm just wondering how you guys plan on actually enforcing this bill. Are you going to do genital checks before someone uses the bathroom? This law isn't actually going to do anything than ostracize people who are already struggling. Did you know that 75% of transgender people deal with suicidal ideation? Whether or not you like transgender individuals, they are still your constituents. And it is your job to be their voice and speak up for them. Instead of worrying about transgender people using the bathroom, how about you worry about the actual issues plaguing Utah? The great salt lake drying up, the state not taking child abuse allegations seriously and keeping children with abusive parents for the sake of "keeping families together, and the high suicide rate this state has, in part because of laws like these that single out certain individuals and make them feel as if they don't belong.

2. Please provide the following information about the alleged violation(s): 1) Where did the violation occur? Identify the specific government operated or controlled location, facility, program, or event; 2) When did the noncompliance or alleged violation(s) occur? Is it on-going? and 3) Describe any other relevant circumstances and details of the alleged violation(s).

1. Who are the employees or officials at the government entity who were involved in the alleged noncompliance or who have the responsibility to remediate the alleged noncompliance or violation?

Sorry I was in the office today and I was in the car park at all this morning but I think it will take me to the list for the weekend or so I don't want to go to the gym and get a new job and get it done and then I thought you could ring the kids to say that you have a lot more to do every time we get a chance to get a new job and you can get a bit more of it when I don't want it to be a little more important and I don't want to be a bit of a person and then I don't know how to do anything else I think so you can have a good idea and you can get it from your house to get the car and get a job in the morning and then get a new one for you and the kids and the kids and I don't think it is the best thing ever to be honest I was thinking of going to work and then I thought ☁ was the same person. Thanks!

1. Who are the employees or officials at the government entity who were involved in the alleged noncompliance or who have the responsibility to remediate the alleged noncompliance or violation?

Representative [REDACTED]

2. Please provide the following information about the alleged violation(s): 1) Where did the violation occur? Identify the specific government operated or controlled location, facility, program, or event; 2) When did the noncompliance or alleged violation(s) occur? Is it on-going? and 3) Describe any other relevant circumstances and details of the alleged violation(s).

The violation occurred in the statehouse. My 3 year old son and I had come to attend a public inquiry and watch the democratic process inaction. My son had to use the bathroom facilities inside the building, so he and I went decided to go together as father and son. I felt the movement of a shadow behind me, as I opened the door, but turned around without seeing anyone. The bathroom seemed empty and eerily quiet. My son sensing my nervousness, said he wanted to use a stall toilet like a big boy, all by himself. I told him he could, it was what God would want in an American man-to-be. I shut the door and told him how proud I was to be the man who raped his mother and then denied her rights to abortion, which led to her killing herself. I began to pee in the urinal, overflowing with my virile pissing power, with mighty steam wafting through the entire bathroom, mirrors fogging. Then, I heard my son scream "Oh no! Representative [REDACTED], why are you here in this toilet stall with me, a 3 year old male boy child and you a grown adult woman that is known for molesting entities such as myself then feasting upon their adrenochrome to enhance one's own longevity at the cost of my young life when you could elect to just diet and exercise instead?!" It took me a minute to realize what was happening. My flowing urinal flood could not be stopped and I had to shake off for an additional 32 seconds before I could even go wash my hands, dry them, and then proceed to the stall to check if my young son was okay or perhaps being sexually eviscerated by Representative [REDACTED]. I grabbed the stall door handle, sticky with blood. Perhaps, it was my son's. Perhaps known Al-Qaeda sympathizer [REDACTED] had simply menstruated. I don't know. No one knows how female anatomy works. And never will. I trembled as I opened the door and saw Representative [REDACTED] retreat into the toilet drain, kinda like that scene from the 1980s version of the movie It. My son was still there, alive, but now lacking a penis. He was radically trans'ed by 9/11 participant Representative [REDACTED], who was wearing a necklace decorated with children's genitalia. I was mildly shocked.

This is not fair governance. I demanded she give it back and she kept saying 'no' as she opened and closed her hand violently in my face. I think she also shoplifted like 15 Snickers bars from the gift shop. That day, she lost my vote. And my son was in shambles. I had to put him down like a dog, the way trans male celebrity Kristi Noem did to Cricket. The abuse is still ongoing.

Call her

State of Utah Auditor John Dougall
East Office Building, Suite E310
Utah State Capitol Complex
Salt Lake City, Utah 84114

Dear Mr. Dougall,

Hello, My wife and I will be visiting your state this summer and will be spending time at your state campgrounds and, hopefully, visiting your capitol buildings.

By way of introduction, my name is [REDACTED] I am a USAF veteran and former B-52 combat crew member. I retired from the [REDACTED] Fire Department in 2020 and my wife and I have been enjoying our retirement, camping and traveling. I transitioned from male to female in 2017.

I recently read about your law that requires transgender folks to present proof of genital surgery and an updated birth certificate, in order to use the appropriate bathroom corresponding to their gender. I have read about the unfortunate spoofing of your website around this issue.

I want to respect the laws of your state. I have had all my gender affirmation surgeries. However, I have not had my birth marker on my birth certificate changed from "M" to "F." I have had my driver's license, social security card and passport all changed from male to female. I have no plans, at this time, to change my birth certificate gender marker. So, when I use the appropriate female restroom in government facilities, I will be in violation of HB 257.

My question is should I turn myself in at the end of our vacation or at the time of violation? I saw that you want photographic proof of me using the restroom. Frankly, I find this rather odd and would have never thought about taking pictures of anyone inside of a restroom. If I leave your state after using the bathroom will there be extradition proceedings to return me for trial?

I have a friend who has transitioned from female to male and now has a very bushy beard, as well as a fairly muscular build and deep voice. My understanding is that he should use the female restroom while in Utah State facilities, as well, correct?

Thank you for your assistance in this manner.

Respectfully,

[REDACTED]
